Hard to imagine that a year has gone by as president of your club. I have to say it has been my pleasure to be your president and I am looking forward to the upcoming year.

I am excited at the issues we have handled and resolved, from starting the clique corners to dealing with drinks being brought into the venues. I have to say the response from the members have been very positive in supporting the board and it's decisions that had all the members in mind when we made them. Did everyone like them, NO, but we knew we could not please them all.

I am excited about the next year with the changes in music at Palmer CC, new entertainers from outside the Villages coming to the Phlockings, Pool party, Christmas party and the New Years Eve party.

Coming in August we will host the Leadership Conference in the Villages with Parrothead Clubs coming from all over Florida, and you will all be part of it. Thank you again for all your support and looking forward to another great year.

Lee

### CHARITY CHECK PRESENTATIONS

Two local charities were presented checks in June as part of the Club's commitment to help the less fortunate in the surrounding communities:

1) Caring Hands, an outreach of the First Baptist Church of Wildwood, was presented a check at the Palmer PHlocking for \$3500, which will be used to provide food and clothing for the needy.

2) Help Agency, a volunteer program which works with the Salt Life Church in Salt Springs to provide food and necessities for approximately 6000 needy children in the Ocala National Forest, was presented a check at the Mallory #2 PHlocking for \$3500.

Steve Larson, Community Relations Trustee of the Club, said that the club carefully screens the local charities so that the club members know that the money they donate goes to the needy. He further stated that many club members feel that raising money and helping support the needy is a primary reason for belonging to the Club.

He also related that Amanda Wills, a member of the Help Agency who received the check, said the real number of children in the forest is higher but unknown because there are areas which are inaccessible.
