Find tickets on sale

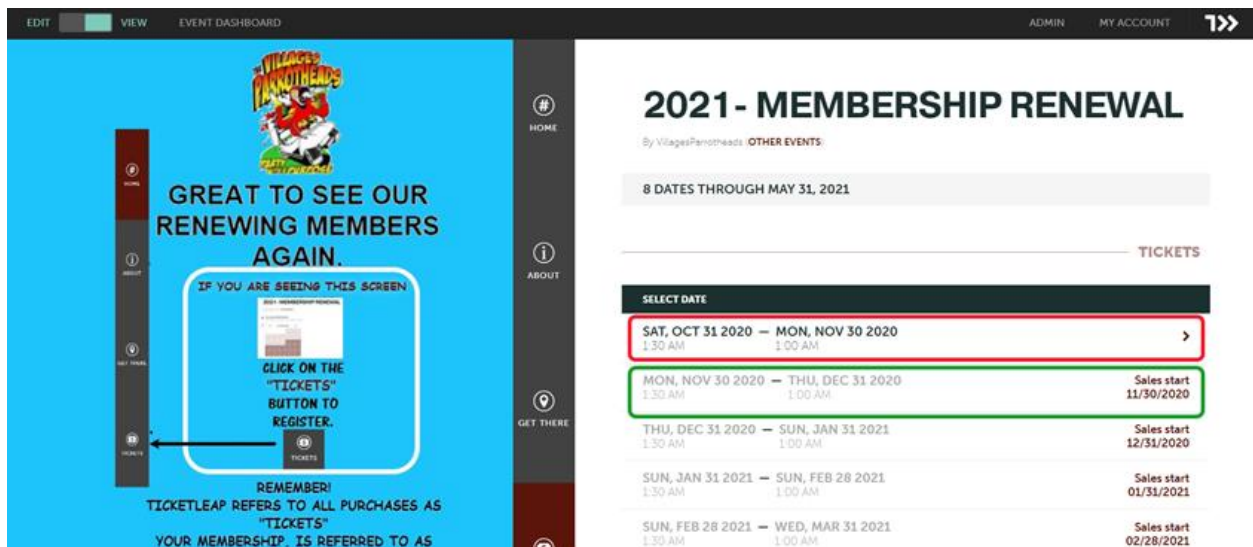

NOV. 26, 2020

Many events have more than one purchasing date. This can be to manage when people buy tickets, different types of tickets, different ticket prices, etc.

Any ticket date that is NOT currently on sale will show the date range that these tickets will be available.

The on-sale tickets, will not show the date range (because they are already on sale) and will have an arrow next to them.

In the example below, the red rectangle shows the on-sale tickets. The green rectangle shows when the tickets will go on-sale.

The screenshot shows a web interface for '2021- MEMBERSHIP RENEWAL' by VillagesParrotheads. The left sidebar contains navigation links: HOME, ABOUT, GET THERE, and TICKETS. The main content area has a blue background with the text 'GREAT TO SEE OUR RENEWING MEMBERS AGAIN.' and instructions: 'IF YOU ARE SEEING THIS SCREEN, CLICK ON THE "/>
