

SECURITY BULLETIN
GENERAL SAFETY
2/26/2020

Parrot Head Security Team Cares about you!!! Each month we will provide a few common sense safety/security tips that hopefully provide you awareness to potential dangers. This month here are a few personal safety tips to prevent you from becoming a crime victim

- Be aware of your surroundings at all times.
- Don't linger around isolated areas (like back alleys or empty parking lots) – try to be around other people.
- Do not go out at night by yourself. Ask a relative or friend to accompany you, in case of emergency.
- Don't leave your purse/packages unattended when you go shopping.
- Never let strangers know that you live alone or that you are home alone.
- Do not give out any personal information to strangers.
- When moving into a new home, it's important to have new locks installed.
- Hang up the phone on telemarketers or anyone who makes you feel uncomfortable.

We want each of you to enjoy your Parrott Head lifestyle and be safe doing so.
